

Electro-Magnetic locks from Abloy Security

EFF EFF MLM300-S

PAGE 1 OF 1

Features

- Dual voltage 12/24 VDC
- Single mortise magnet with monitoring
- Suitable for sliding doors, or where the door stop is deeper than 45mm
- For face to face fixing

Technical

- Integral door status monitoring by hall sensor
- Current consumption:
500mA at 12VDC
250mA at 24VDC
- Holding force: >3000N
- Material: Aluminium
